Why the Global Health Connector Village is a Unique Destination

The Global Village is designed to serve as the home for international organisations and delegations attending HLTH. A single destination to connect and find global partners.

In 2025, our returning anchor partners, Canada and Norway, collectively brought 65 healthcare businesses, using the Village as both an exhibition space and a meeting hub with potential clients and collaborators.

2025 also marked the first time we hosted a U.S. economic development agency at the Village. The Nashville Chamber of Commerce exhibited and sponsored, bringing a delegation of Nashville-based businesses and organisations.

In 2026, our objective is to attract additional economic development agencies and international business delegations, including Enterprise Ireland. Using the Village stage to host dynamic multi-country and multi-company sessions, strengthening the Village as a platform for international collaboration and market access.

Why Join Global Health Connector at HLTH Las Vegas

1

Be Where Decisions Happen

Sit at the table with global health leaders shaping strategy, investment and policy.

2

Accelerate Partnerships That Matter

Meet the people you cannot reach through traditional networking — curated, intentional, outcomes-driven.

3

Showcase Your Leadership

Position your organisation as a contributor to global health transformation, not just a participant.

4

Access Global Ecosystems

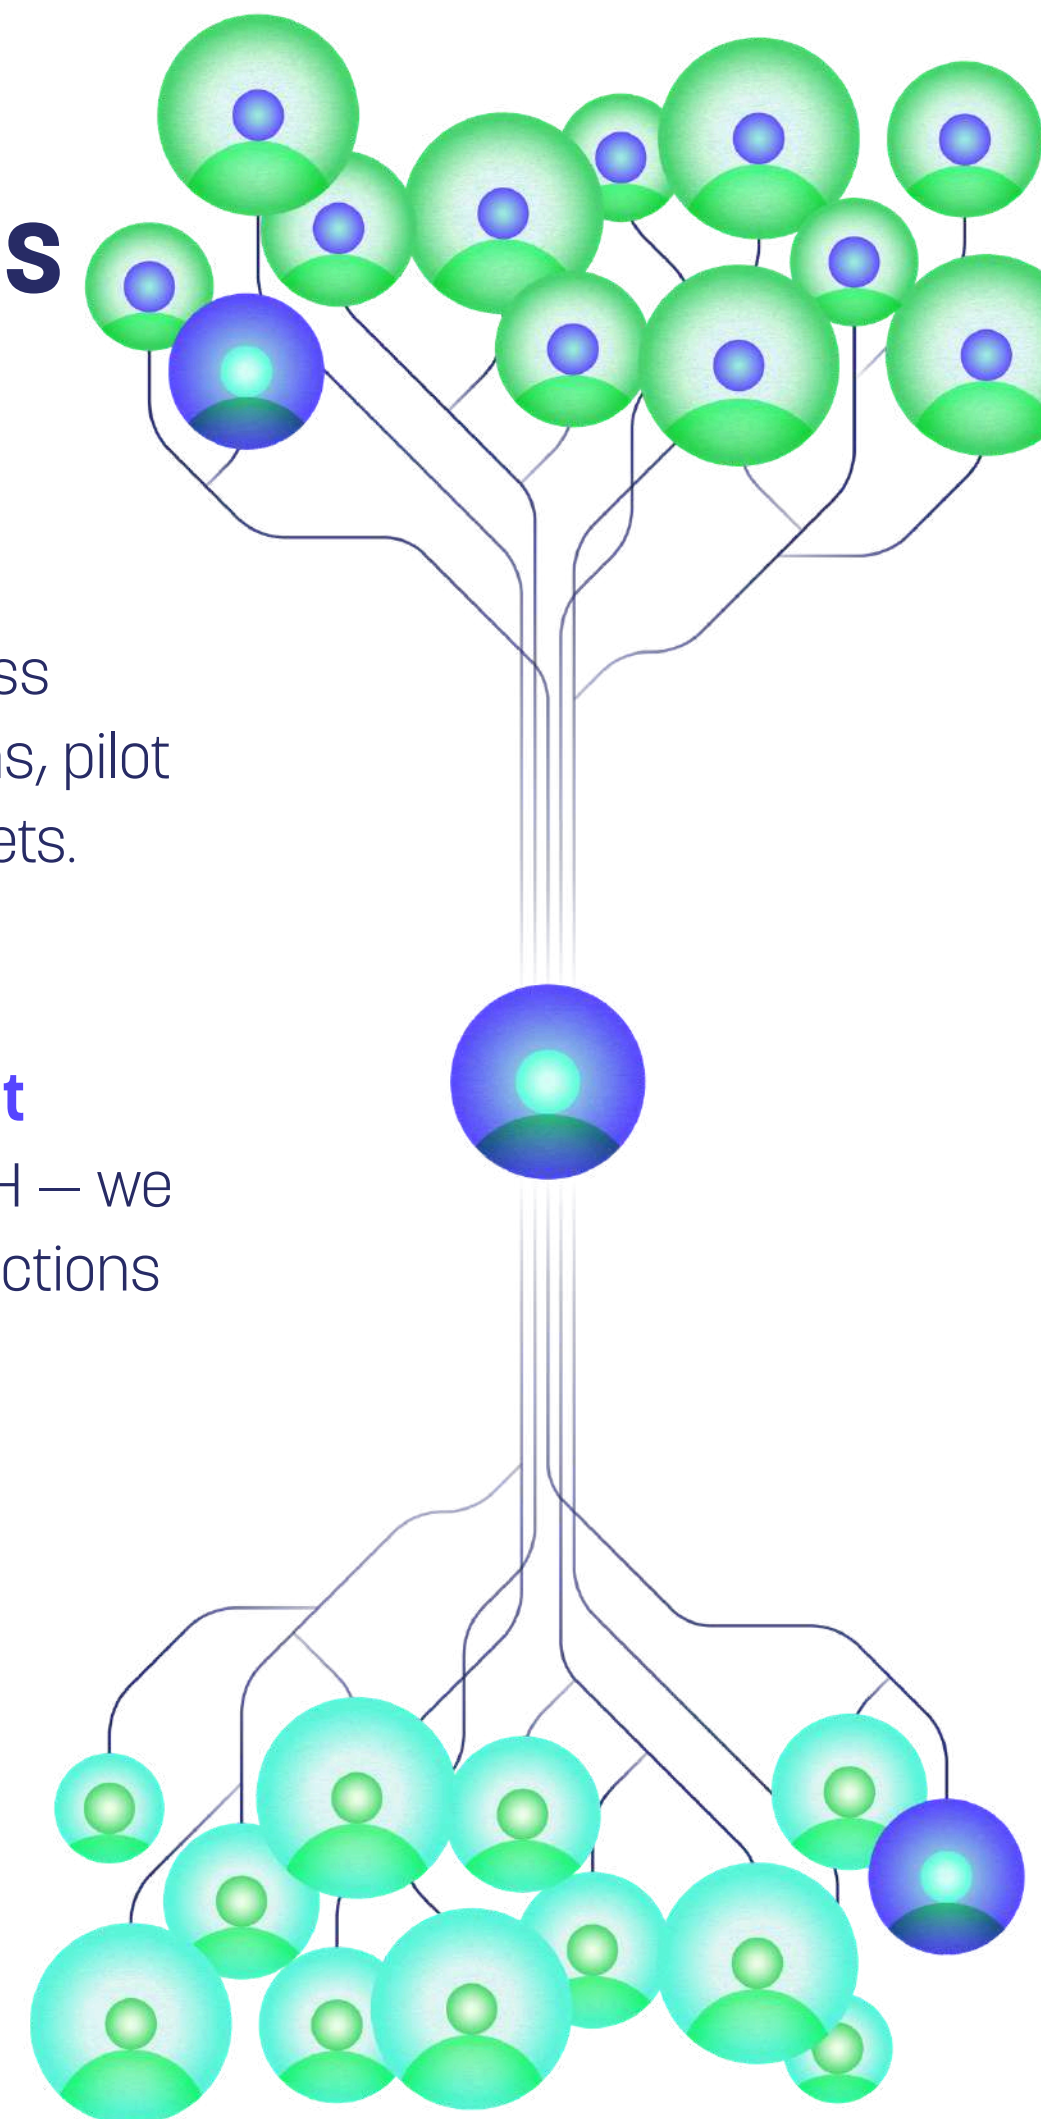

Tap into 90+ ecosystems across 78+ countries to scale solutions, pilot models, and unlock new markets.

5

Momentum Beyond the Event

The Village doesn't end at HLTH — we continue collaboration, introductions and activation year-round.

**It's not about presence —
it's about CollaborAction.**

How Can You Participate at HLTH Las Vegas?

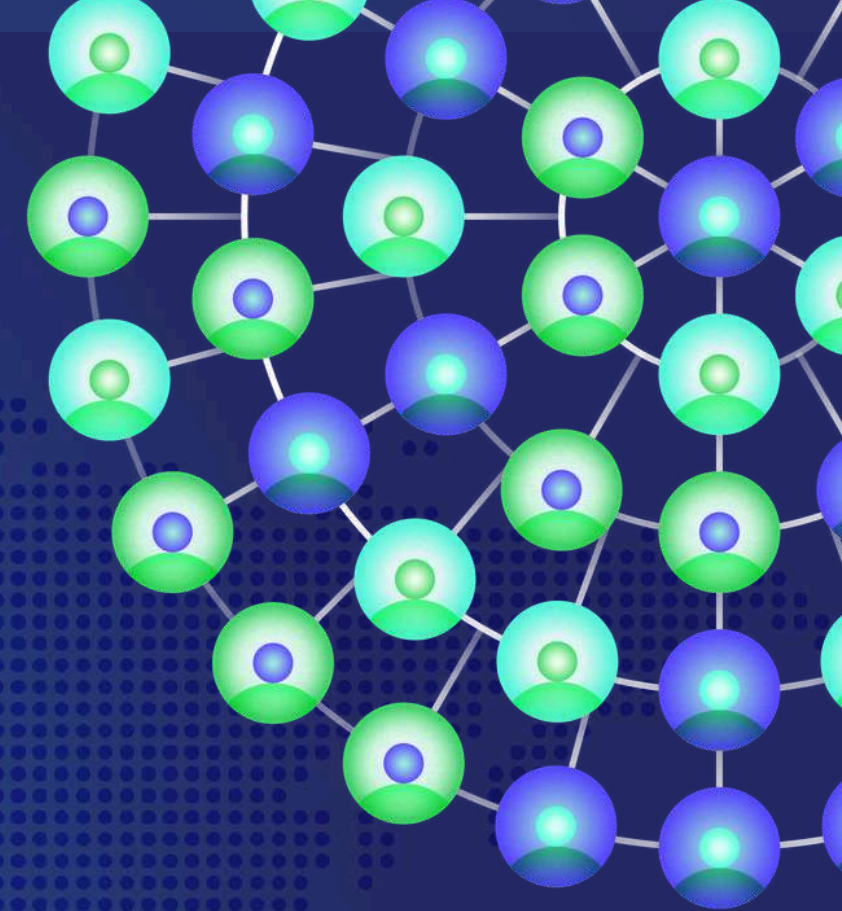

Global Health Connector 'Partner Programme' (15th November)

International thought leaders identifying global opportunities for business and CollaborAction in healthcare.

Position your organisation and engage with decision-makers, potential purchasers and partners.

Global Health Connector Village (16th–17th November)

A dynamic networking destination on the exhibition floor with it's own stage. The Village hosts 75+ global organisations and country showcases , with pitching sessions and panels discussions on the Village 'Stage'.

Give your innovators a platform to meet and collaborate with a global audience

What Our Partners Say

DAVID BELL

Founder & CEO, io Health

We're returning to HLTH and the Global Health Connector Village because it's where the future of care is shaped.

JOHN VISLOSKY

Senior Advisor Health Tech, Innovation Norway

Our continued partnership with Global Health Connector at the Village has been exceptional. This collaboration has proven essential to our companies' success in accessing the U.S. healthcare ecosystem.

EDNA CHOSACK

Health Care Stream Lead, District 3 Innovation

We were here for the second time and it's been awesome, really. Everything was so smooth, we had so much traffic, and we love the addition to the Global Village with the chairs and sofas. We are very happy with the outcome, so hope to see you next year.

SIOBHAN KELLEHER

Founder and CEO, OnaWave Medical

We're proud to return to HLTH USA as part of the Global Health Connector Village—bringing global health pioneers together in one dynamic showcase on the Las Vegas floor.
